

## How to verify your OneDrive Storage

David O' Connor LMETB To verify the storage in your OneDrive - LMETB, sign in to Office 365, using your staff email account and then check the Storage Metrics page, where a bar in the upper-right corner shows how much space is in use and how much is available. There are 2 methods, depending on which way you are set up. The first is if you have a local OneDrive folder downloaded, the second is how to do it through Office 365

## If you have a local OneDrive folder installed on your device

If you have the OneDrive for Business sync client installed on your PC, right-click the program's icon in the notifications area at the right side of the taskbar and click Manage Storage on the shortcut menu.

That opens the dialog box shown here:

Click View OneDrive for Business Storage to go directly to the Storage Metrics page.

If you access your OneDrive through the Imetb.ie website, follow these steps:

1. Sign in to Office365 using your Imetb.ie credentials.

2. Click OneDrive in the blue navigation bar at the top of the page. That takes you to your

OneDrive for Business page, OneDrive - LMETB.
